Mondopad™

In-room and remote visual collaboration made easy

InFocus Mondopad elegantly blends video calling, whiteboarding and more into one giant touchscreen PC for efficient face-to-face collaboration with people in any location.

Bridge communication gaps, strengthen teams, capture and share information, and save time and money. You'll never want to meet without it.

Generate, share and capture ideas

Bring teams together instantly from anywhere in the world

Get more done in less time with less cost and no travel

Captivate and collaborate with attendees in and out of the room

80-inch

70-inch

57-inch

Key Features

- Big, bright 1080p touch display everyone in the room can see
- Native HD video calling and data sharing that's crystal clear
- Interactive whiteboard and on-screen annotation
- BYOD-friendly to connect and share with any device
- Built on a fast and flexible i7-based Windows PC
- Wireless keyboard and mouse included

Ask us about Mondopad for your organization.

Instantly bring people together from anywhere in the world to visually collaborate on the same content and do better work in less time.

InFocus video calling service is included for the first year, so you can **make and receive video calls right away** – or add your own can video conferencing client onto Mondopad like on any other PC.

Have **instant 4-way conversations** on a Mondopad when you upgrade to InFocus 121 Premium video calling service. Bring up to 25 people together with an InFocus ConX Video Meeting room they can enter from a PC, Mac, tablet or smartphone.
